

## Tools to support green infrastructure

DPTI

Mellissa Bradley, Program Manager  
23 May 2016

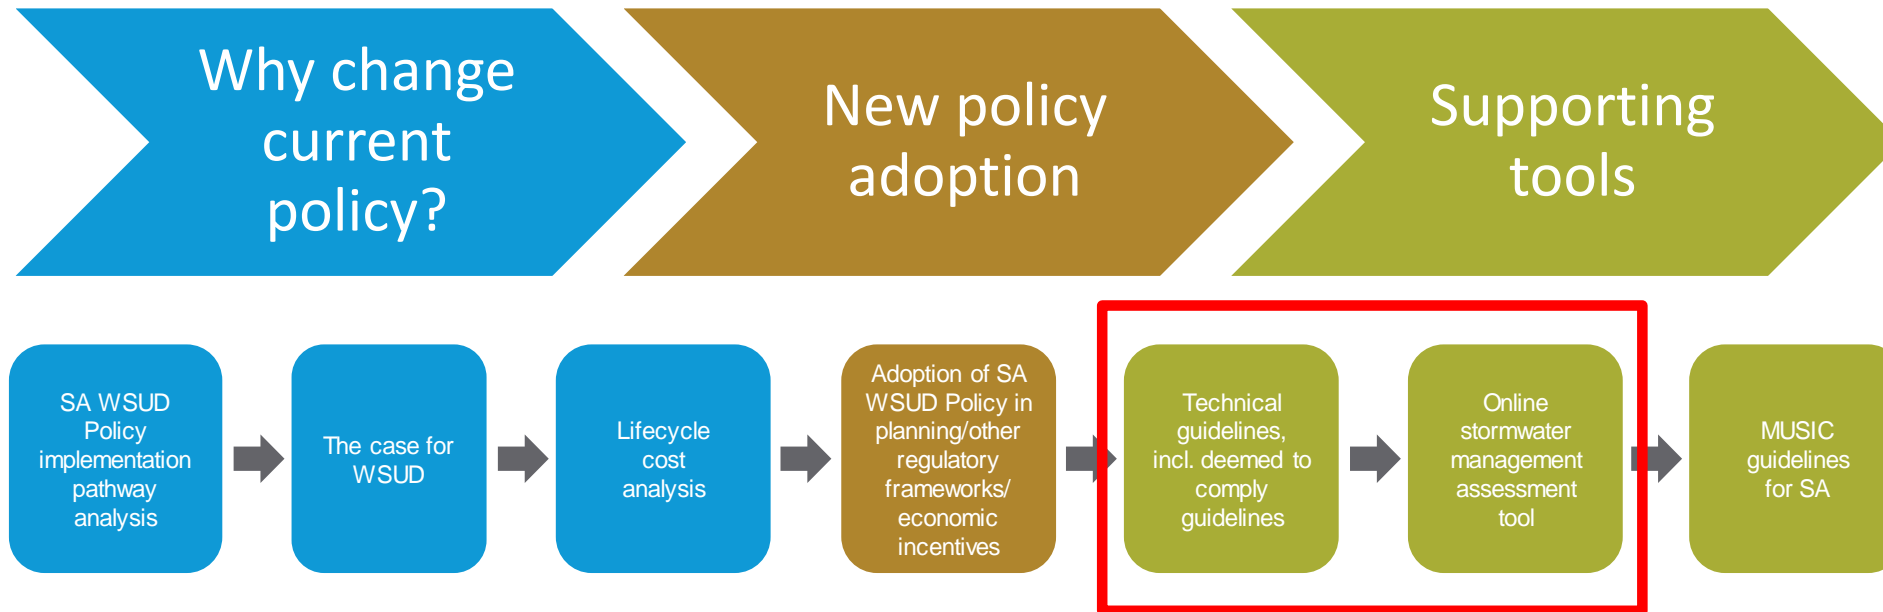

# Bringing about change ...

Priority Projects 1 & 2  
Cost-Benefit Analysis Tool for Green Infrastructure and WSUD

# Bringing about change ...

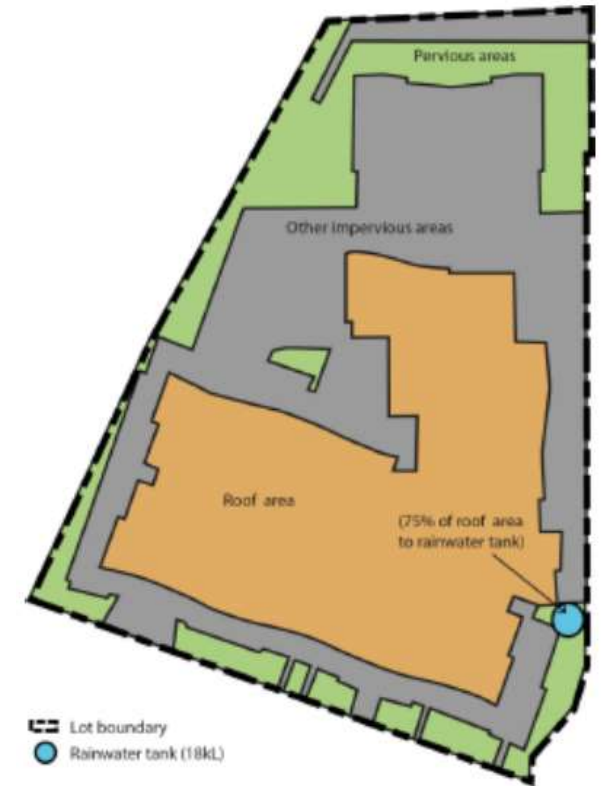

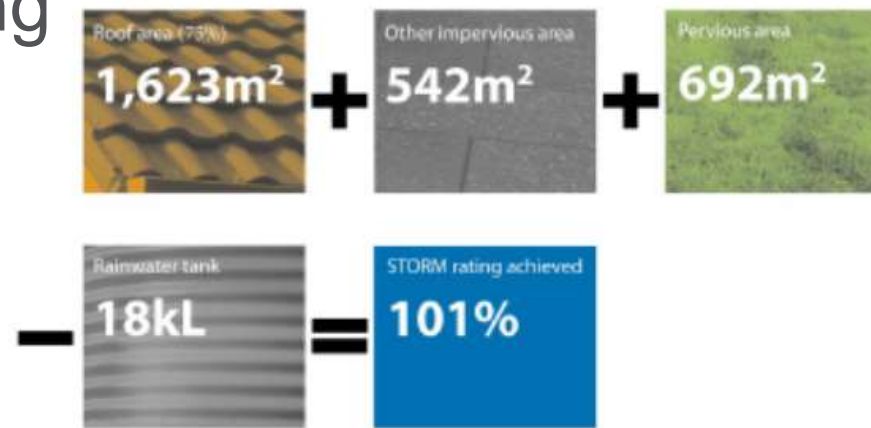

# Online stormwater assessment tool - for small scale/simple developments

Optimise solutions for site :

- Impervious area
- Rainwater storage (retention and re-use)
- Raingardens
- Permeable paving

Measure of increase in  
impervious area –  
surrogate for loss of  
private green space
